

Central Elementary School

- Classrooms will be updated to enhance learning communities with St. Vrain's 2008 Educational Specifications.
- Improvements will be made to learning environments with improved functionality and storage.
- Additional technology teaching tools will be provided to enhance the educational delivery possibilities.
- Additional areas will support 2008 learners with classroom and administration area remodels.
- Media and computer labs will be enhanced to provide students with new educational possibilities while supporting secondary education in IB, AP, STEM, MESA and other advanced opportunities.
- Building safety will be enhanced to support learning in a safe environment.
- Interior doors will be refinished or replaced and ADA compliant hardware will be installed.
- Install nonslip drainage system for the downspouts along the exterior walls.
- Replace the original bathroom floors, base and wall tiles, counters and toilet partitions in the basement areas and renovate for ADA compliance.
- Installation of a fire sprinkler system as required.
- Upgrade electrical services and the fire alarm systems as allowed.
- Replace basement wiring as required by code.
- Install new basement stair handrail to meet code requirements.
- Replacement of deteriorated roofing systems as budget allows.
