

Communications with Staff

Official communications from District employees to the Board of Education and from the Board to employees normally are made through the administration.

Any employee or any employee organization may present information or proposals to the Board and the superintendent. Any such information or proposals which affect a current agreement between the Board and the employee organization recognized as the negotiating agent shall be referred to the parties' negotiating teams.

Adopted February 28, 1968

Revised June 13, 1984

Revised October 13, 2004
