

Handbooks and Directives

In order that pertinent Board policies, District regulations and/or school rules may be known by all staff members and students affected by them, District administrators and principals shall issue staff and student handbooks as found necessary and desirable.

It is essential that the contents of all handbooks conform with District policies and regulations and be in a format suitable for distribution to parents and students. It also is important that all handbooks bearing the name of the District or one of its schools be of a quality that reflects credit on the District. Therefore, the Board expects all handbooks to be approved by the Board and/or Superintendent or designee prior to publication.

The Superintendent shall use judgment as to whether specific handbooks need Board approval. However, all handbooks published shall be made available to the Board for informational purposes.
