

School Properties Disposition

The Board of Education has the authority, without a vote of the people, to sell or lease any District property which may not be needed in the foreseeable future upon such terms and conditions as it may approve. It is not required that bids be sought, but it is advisable in the interest of good business.

If the property is sold to a state agency or political subdivision of the state, it shall not be necessary to find that the property may not be needed.

The Purchasing Department shall be advised of any books, equipment or supplies that are worn out or are to be declared surplus and no longer needed in the school district. Prior approval of the Purchasing Department shall be required for removal from inventory and disposal or sale of any books, equipment or supplies. Outdated textbooks or library books may be disposed of by notifying the Purchasing Department and sending them to the Warehouse. School markings shall be obliterated prior to such disposal.
