

## **Adult/Community Education**

The Board recognizes it has an educational responsibility to the entire community. Accordingly, adult education courses shall be provided to meet the needs of adults and out-of-school youth. When sponsored by the Board, it is the intent that adult programs shall be self-supporting through tuition and fees.

The Board also recognizes that community groups play an important role in providing extended learning programs to the youth and adults of the District's service area. Therefore it shall make available to such groups District facilities for the purpose of providing such programs.
