

Admissions and Denial of Admissions

All persons age 6 through 21 who have not graduated from high school or received any document evidencing completion of the equivalent of a secondary curriculum (G.E.D.) and who reside within the boundaries of this school district may be permitted to attend public schools without payment of tuition. In addition, persons who do not reside in the District may be admitted under Board policies relating to nonresident students or by specific action of the Board.

A birth certificate or other proof of legal age, as well as proof of residence, may be required by the school administration.

The legal name as listed on the birth certificate shall be used as the name of registration. This name shall be used on all official documents and records including, but not limited to, District records and database official transcripts, report cards and school identification cards. The student may use a preferred name within the classroom or on unofficial documents.

Except as otherwise provided by state law concerning enrollment of students in out-of-home placements, students new to the District shall be enrolled conditionally until records, including discipline records, from schools previously attended by the student are received by the District. Notice of the conditional enrollment status of new students shall be clearly indicated on all new student enrollment forms. In the event the student's records indicate a reason to deny admission, the student's conditional enrollment status shall be revoked. The student's parent/guardian shall be provided with written notice of the denial of enrollment. The notice shall inform the parent/guardian of the right to request a hearing.

Denial of Admission

The Board of Education or the superintendent or designee may deny admission to the schools of the District in accordance with applicable law.

Students who were expelled from any school district during the preceding 12 months or whose behavior during the preceding 12 months in another school district was detrimental to the welfare or safety of other students or school personnel may be denied admission.

Pursuant to Colorado law, an expelled student may be prohibited from enrolling or re-enrolling in the same school in which the victim of the offense or member of the victim's immediate family is enrolled or employed.

The Board shall provide due process of law to students and parents/guardians through written procedures consistent with the law for denial of admission to a student.

Nondiscrimination

The Board, the superintendent, other administrators and district employees shall not unlawfully discriminate based on a student's race, color, national origin, ancestry, creed, religion, sex, sexual orientation, marital status, disability or need for special education services in the determination or recommendation of action under this policy.
