

Student Insurance Programs

An optional student accident insurance program providing broad coverage at nominal cost to parents/guardians shall be made available to all students. Such protection, when purchased by the parent/guardian, shall cover the student while at school, on the way to and from school and when engaged in school-sponsored activities either on school grounds or elsewhere. Through this plan, additional insurance coverage may be purchased which will cover students participating in interscholastic athletics.

Before any student will be permitted to participate in any CHSAA (Colorado High School Activities Association) sports activities, this insurance, or other health or accident insurance covering the student, must be purchased or the Athletic Insurance Waiver must be signed, releasing the school district of any liability or financial responsibility for accidents.
