

## Student Fees, Fines and Charges

Students shall not be charged an instructional fee as a condition of enrollment in any St. Vrain school or as a condition of attendance in any class that is considered part of the academic portion of the district's educational program except tuition when allowed by law. However, students may be required to pay textbook fees, fees for consumable materials and other miscellaneous fees as more fully set forth in this policy.

All student fees and charges shall be adopted by the Board. Any fees added must be submitted for approval prior to the fee being charged. The fees shall remain in place until modified or removed by Board resolution. All student fees adopted by the Board shall be used for the purposes set forth in the motion and shall not be spent for any other purpose.

When publicizing any information concerning any fee authorized to be collected by this policy, the school shall specify whether the fee is mandatory or optional and the specific activity from which the student will be excluded if the fee is not paid. Fees attached to courses required for graduation may be waived upon request. Any optional fee not waived or not paid will exclude a student from that activity.
